

**Public Notice-Request for Qualifications for Engineering  
Services Lakeview Drive/Island Drive Bridge Replacement**

The Village of Island Lake is requesting Statements of Qualifications from professional engineering firms interested in performing engineering services for Phases I, II and III of a bridge replacement over Island Lake and located at Lakeview Drive/Island Drive in the Village of Island Lake, Illinois. The project will be funded through the Federal Surface Transportation Program (“STP”) and REBUILD Illinois capital program and must comply with all applicable STP requirements, including conformance with ADA Accessibility guidelines.

Copies of Request for Qualifications can be obtained on the Village of Island Lake’s web page at [www.villageofislandlake.com](http://www.villageofislandlake.com) or by contacting the Public Works Department for the Village of Island Lake at 847/526-8764. Responses must be submitted by September 28, 2020, at 10:00 a.m.

For those individuals requiring an alternate format or require accommodations for disabilities, please call the number above. Persons will not be excluded from participation on the grounds of race, color, religion, national origin, gender, age, income, or handicap.
